# Consolidated Financial Result Digest FY2021 Q2 (Fiscal Year Ending March 31, 2021)

November 6, 2020

Any information incorporated in this document is not intended for suggestion of purchase or sale of equity share of the company. All the description and projection are based on the company's own analysis at the time of compilation, and their accuracy is not guaranteed. These data may be revised without prior announcement. The company will neither assume nor compensate any loss of anybody resulting from decision based on information provided here.

# Our Reporting Segments

#### **Electronics Materials**

Manufactures, purchases and sells chemicals for PWBs and other electronic components

Medical and Pharmaceuticals

Develops, manufactures, and sells pharmaceuticals and quasi-drugs

#### Other

Manufactures and sells dyes, pigments and other chemical products, supplies renewable energy, software development

## FY2021 Q2 Overview

Electronics
Material Business

Sales increased YoY by 4%(EBITDA increased YoY by 22%)
Sales of DF for PKG increased due to growth of semiconductor market

**Electronics Material Business** 

Established CVC in the Silicon valley Invest in start-up companies with technologies and businesses that benefit us

Medical and Pharmaceutical Business

Sales increased YoY by 144% (EBITDA increased YoY by 344%)
Revenue from Taiyo Pharma Tech set up in October 2019
Revenue from 4 long-term listed drugs acquired from AstraZeneca in April 2020

Medical and Pharmaceutical Business

- Concluded a comprehensive partnership agreement with Cyfuse Biomedical K.K to manufacture cell products
- Concluded a contract for manufacturing with the Gene Therapy Research Institution

%From the first quarter of this fiscal year, some expenses (R & D expenses, etc.) that were previously included in company-wide expenses have been allocated to each reporting segment.

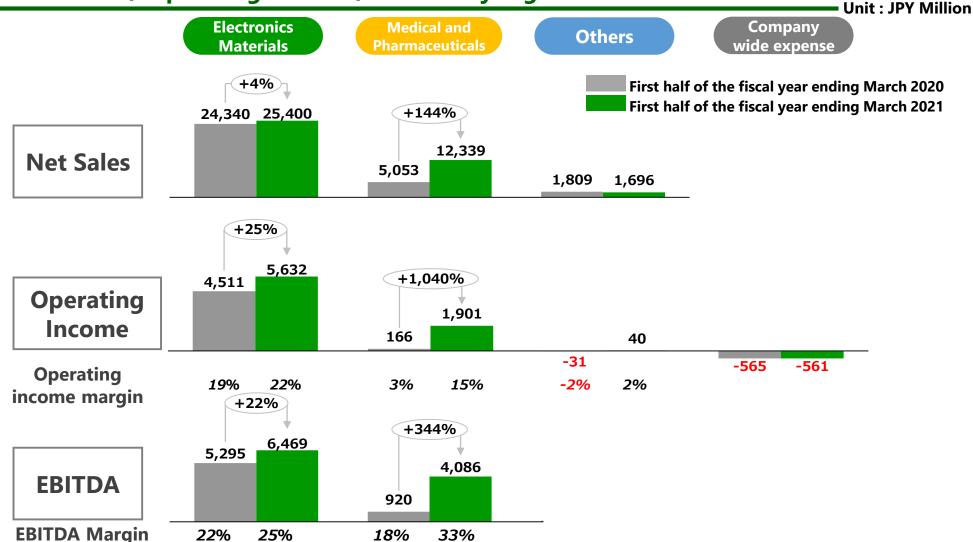

As a result, the segment profit for the earnings forecast announced at the beginning of the fiscal year has been recreated based on the revised reporting segment income calculation method, resulting in a difference from the earnings forecast announced on May 18.

TAIYO HOLDINGS CO., LTD.

# Performance by Segment

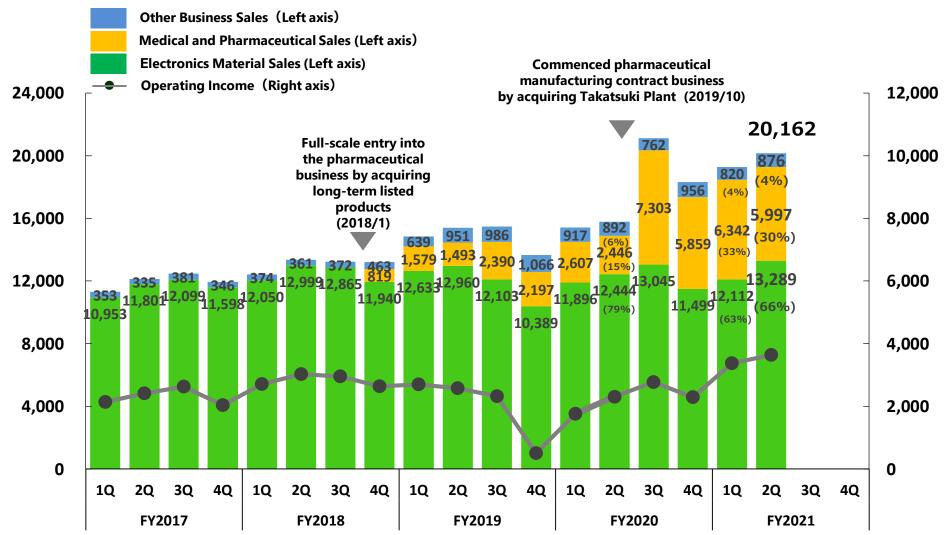

**Net Sales / Operating income / EBITDA by segment in the first half** 

\*\*Since the third quarter of fiscal year ended March 31st 2020, we include Amortization of Goodwill among the each reportable segment. Also, from the first quarter of this year, some expenses that were previously included in company-wide expenses are allocated to each report segment. The segment profit or loss for the first quarter of the previous fiscal year is based on the method for calculating the profit or loss of the reported segment after the change.

# Terminology

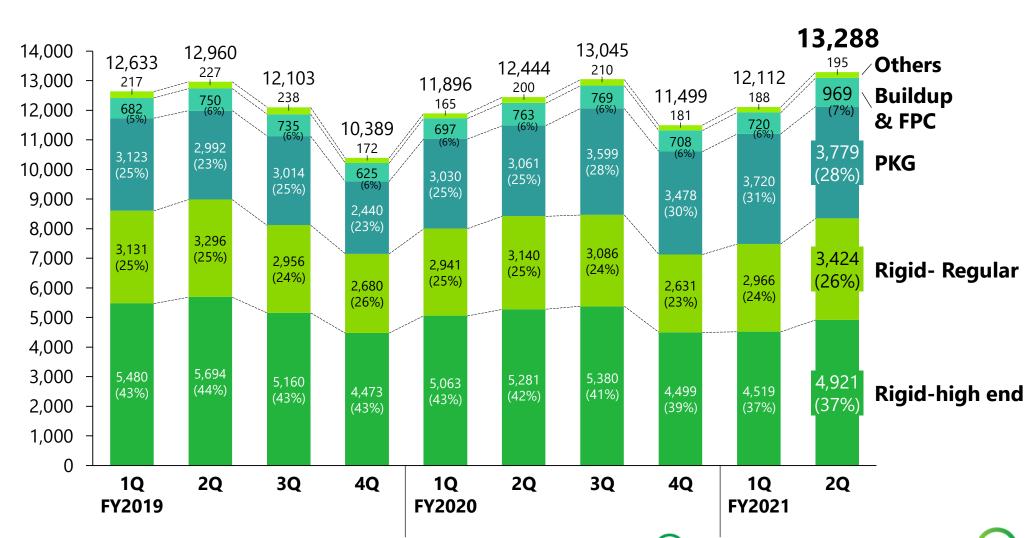

Term	Definition		
PWB	Printed Wiring Board		
SR	"Solder resist ink" or "Solder mask"		
PKG	Semiconductor packages		
DF	Dry Film		

## Product Classification for Electronics Material Business

Group	Category		Туре	Remarks		
PWB insulating materials	Rigid	High end	Liquid			
	Tugia	Regular	Liquid / DF	•SR materials for insulation and surface		
	PKG		Liquid / DF	protection use		
	FPC (Flexible printed circuit board)		Liquid / DF			
	Build-up		Liquid / DF	•build-up materials for interlayer insulation and hole plugging use		
Other related products	Others		Others		Liquid	<ul><li>marking, etching, plating materials</li><li>flux, solvent etc.</li><li>conductive silver paste</li></ul>

#### Electronics materials business

## **Net Sales by product category**

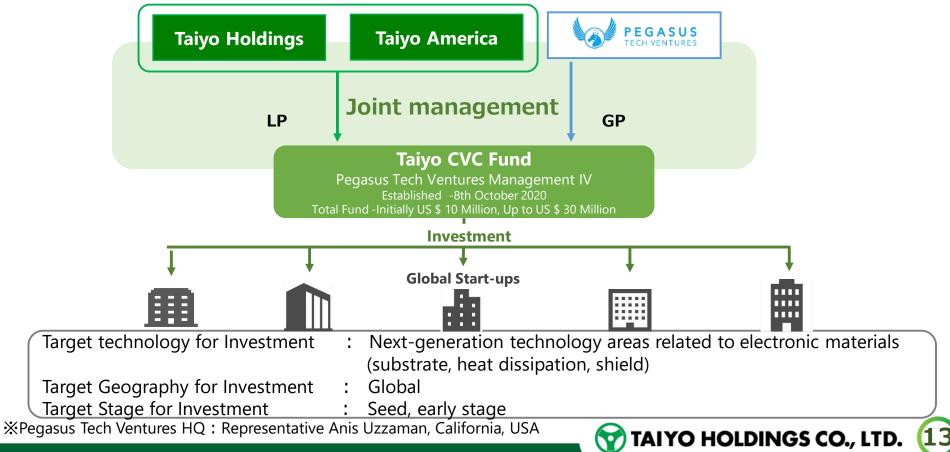

**Unit: Million yen** 

#### **Electronics Materials Business**

### **Established Corporate Venture Fund (CVC) in Silicon Valley**

Established CVC with Silicon Valley-based Pegasus Tech Ventures \* as a partner to invest in start-up companies with technologies and businesses that are expected to bring business synergies with us in the future.

# Medical and Pharmaceuticals Business

## Medical and Pharmaceuticals Business

## **Terminology**

Term	Definition
LLP	A drug for which the patent or re-examination period has expired, enabling the sale of generic drugs(Long Listed Product)
CDMO	Organizations that are contracted to manufacture drugs and to develop drug formulation (Contract Development Manufacturing Organization)
GMP	Standards for manufacturing control and quality of pharmaceuticals and quasi-drugs (Good Manufacturing Practice)

### Medical and Pharmaceuticals Business

Osaka

#### Signed a partnership agreement to manufacture cell products with Cyfuse

Located in Takatsuki city, Osaka prefecture between the cities of Kyoto and Osaka that drive regenerative medicine in Japan, Taiyo Pharma Tech entered the contract manufacturing business for cell products with Cyfuse

**Takatsuki** 

Kyoto Major medic

- Major regenerative medicine promotion bases
- Kyoto University
- Kyoto Prefectural University of Medicine
- Others

TAIYO Pharma Tech 🗙

Major regenerative medicine promotion bases

- Osaka University
   International Center for
   Future Medical Care
- 2025 Japan International Exposition
- Others

#### Name

Cyfuse Biomedical K.K.

#### Business

- Research, development, manufacturing and sales of products for regenerative medicine
- ✓ Development and sales of bio 3D printers

#### Platform technologies

Platform technology to manufacture solid structures only with cells

Cell aggregation (Spheroid)

Cell culture

TAIYO HOLDINGS CO., LTD.

## Medical and Pharmacueticals Business

Signed a manufacturing contract with the Gene Therapy Research Institution

**Concluded a contract with Gene Therapy Research Institution to manufacture** gene therapy products. Taiyo Pharma Tech will receive technology from Gene Therapy Institution and build a manufacturing facility, thereby starting the contract manufacturing business for gene therapy products

#### **About Gene Therapy products**

Gene therapy is defined as "administering a gene or a gene-introduced cell into the human body for the purpose of treating a disease" \*, and research on various gene therapies is currently underway around the world.

Gene therapy products that are covered by insurance in Japan are beginning to be used in clinical practice. In the future, innovative gene therapy products are expected to have epochmaking effects on intractable diseases for which there is no cure and on diseases for which therapeutic agents exist.

\* Ministry of Health, Labor and Welfare "Guidelines for clinical research such as gene therapy"

#### Overview of the Gene Therapy Research Institution

Gene Therapy Research Institution Co., Ltd. Gene Therapy Name

Business

Research, Development and manufacturing of gene therapy products by using the AAV (adeno-associated virus) vector
